Plain Language Summary of Financial Assistance Policy

Rush Specialty Hospital provides financial assistance for medically necessary care to patients who are unable to pay. You may be eligible for financial assistance under the terms and conditions of the hospital offers to qualified patients. For more information contact a representative in the admissions department or by calling our Central Business Office at (888)868-1103.

The following is a summary of financial assistance available at Rush Specialty Hospital.

Financial Assistance Offered. Financial Assistance is based on family income, family size and assets for medically necessary services. Eligible care includes medically necessary services as defined by Medicare (services or items reasonable and necessary for the diagnosis or treatment of illness or injury).

Insured and Uninsured patients can receive free care, or 100% write off of patient liability after insurance has paid, if your family income does not exceed 300% of the Federal Poverty Income Guidelines. Uninsured patients can receive free care, or 100% write off of patient liability if your family income does not exceed 200% of the Federal Poverty Income Guidelines. Uninsured patients can receive an 80% discount if your family income does not exceed 600% of the Federal Poverty Guidelines. All applicants will be screened for Medicaid coverage and must cooperate with the Medicaid representatives to be considered for financial assistance.

Additional Ways to Qualify. If you do not meet the income criteria above, regardless of your insurance status, you will be considered on a case-by-case basis for financial assistance. Contact us to discuss exceptional personal or financial circumstances, or if there are special medical circumstances where treatment can only be provided by Rush Specialty Hospital medical staff.

What You Will Be Charged. If you receive financial assistance under our Policy, you will not be charged more for medically necessary care than the amount we generally bill patients having Medicare coverage. The maximum amount that may be collected in a 12 month period for health care services provided by Rush Specialty Hospital from a patient determined to be eligible for financial assistance is 20% of the patient's family income, and is subject to the patient's continued eligibility.
